

ECONOMICS (COURSE 14-1)

Department of Economics (<http://catalog.mit.edu/schools/humanities-arts-social-sciences/economics/#undergraduatetext>)

Bachelor of Science in Economics

General Institute Requirements (GIRs)

The General Institute Requirements include a Communication Requirement that is integrated into both the HASS Requirement and the requirements of each major; see details below.

Summary of Subject Requirements	Subjects
Science Requirement	6
Humanities, Arts, and Social Sciences (HASS) Requirement [between one and three subjects can be from the Departmental Program]; at least two of these subjects must be designated as communication-intensive (CI-H) to fulfill the Communication Requirement.	8
Restricted Electives in Science and Technology (REST) Requirement [one subject can be satisfied by 14.30 in the Departmental Program]	2
Laboratory Requirement (12 units) [can be satisfied by 14.33 in the Departmental Program]	1
Total GIR Subjects Required for SB Degree	17

Physical Education Requirement

Swimming requirement, plus four physical education courses for eight points.

Departmental Program

Choose at least two subjects in the major that are designated as communication-intensive (CI-M) to fulfill the Communication Requirement.

Required Subjects	Units
14.01 Principles of Microeconomics ¹ or 14.03 Microeconomic Theory and Public Policy	12
14.02 Principles of Macroeconomics	12
14.05 Intermediate Macroeconomics (CI-M) or 14.06 Advanced Macroeconomics	12
14.30 Introduction to Statistical Methods in Economics ²	12
14.32 Econometric Data Science	12
14.33 Research and Communication in Economics: Topics, Methods, and Implementation (CI-M)	12
14.THU Thesis ³	15
<i>Select one of the following:</i>	12

14.04	Intermediate Microeconomic Theory
14.12	Economic Applications of Game Theory
14.15[J]	Networks
14.16	Strategy and Information
14.19	Market Design
14.26	Economics of Incentives: Theory and Applications

Restricted Electives

Select four elective subjects in economics	48
Units in Major	147
Unrestricted Electives ⁴	69-93
Units in Major That Also Satisfy the GIRs	(36-60)
Total Units Beyond the GIRs Required for SB Degree	180

The units for any subject that counts as one of the 17 GIR subjects cannot also be counted as units required beyond the GIRs.

¹ Students with a score of 5 on the Economics AP exam may substitute 14.03 Microeconomic Theory and Public Policy.

² Or an approved alternative in statistics (consult department).

³ May be replaced by an additional elective subject in economics.

⁴ This chart has been calculated based on an overlap of 36 units (three subjects) between the HASS General Institute Requirement and the departmental requirements. Students who develop a program of study with more overlap will be able to select more unrestricted electives to meet the number of total units beyond the GIRs required for an SB degree.

Communication-Intensive Subjects in the Major

To satisfy the requirement that students take two CI-M subjects, students must complete the following program:

14.33	Research and Communication in Economics: Topics, Methods, and Implementation	12
14.05 or 14.18	Intermediate Macroeconomics Mathematical Economic Modeling	12
